NG, DLA Piper, CGI, Fluor and VW.

Company mission statement

Our mission is to provide the best consumer led multi-support services available in the workplace. We aim to improve and enrich the business environment experience for our clients, their people and visitors.

We recognise the importance of meeting consumer service expectations; always striving to provide a seamless support service solution by harnessing and self-delivering the very best that Compass Group has to offer. 14forty understand that every minute, of every hour of every day counts.

14forty – The Business

14forty is a multi-support services business, set-up and created three years ago to fill an identified gap in the market place for a better kind of workplace experience; by packaging and tailoring solutions to meet specific client's needs beginning with the end user.

We approach clients' and their consumers' requirements by considering the 'bigger picture', utilising our extensive hospitality service principles to determine the 'right' blend of support services for them, rather than adopting a one-size fits all approach, or knitting together a range of loosely aligned capabilities.

We focus on the end goal to provide seamless support service excellence. We put ourselves in the 'consumers shoes' to understand their touch points and how best to meet expectations and give a great experience every time; eradicating frustration

and down time wherever possible.

The strength of our offer is our unrivalled ability to utilise our best-in-class Compass Group sector subject matter experts, applying business and industry leading knowledge and expertise to get the right result, consistently, on time. Our team collaborates and consults with our clients to tailor the right solution for their business.

14forty utilise technology and insight to identify how our support service solutions are performing, investing in ways to further enhance the consumer experience. We work closely with our clients to adhere to simplicity and time saving processes wherever possible; keeping to our guiding principles that every minute, of every hour of every day counts.

Our range of services includes; food services, hospitality, cleaning, security, business, outdoor and mechanical services.
